Article Processing Charge

INTRODUCTION

All articles published by [Baishideng Publishing Group](#) (*Baishideng*) are selected by an in-house editor and fully peer-reviewed by external reviewers. *Baishideng* applies the Creative Commons Attribution-NonCommercial (CC BY-NC 4.0) license, which permits others to distribute, remix, adapt, build upon this work non-commercially, and license their derivative works on different terms, provided the original work is properly cited and the use is non-commercial. See: <http://creativecommons.org/licenses/by-nc/4.0/>

OPEN-ACCESS

All *Baishideng* journals are open-access (OA). An *Article Processing Charge* ([APC](#)) for OA publication will be invoiced upon the acceptance of each manuscript and remitted in full by the authors' affiliations or funders to *Baishideng* before publication. The *APC* covers the costs of peer review, copyediting, typesetting, long-term archiving, and journal management.

RULES OF APC

For unsolicited manuscripts, the following four levels of *APC* apply: (1) Standard *APC*, for general manuscripts; (2) Young scholars under 45 years-old as first authors; (3) Scientific quality rating as AA or AB or BB; and (4) Registered journal editorial board members or peer reviewers as first or corresponding authors, which is not applicable to other *Baishideng* journals. We also provide preferential *APC* in line with the [Research4Life programme](#) as follows: Group A countries: *APC* is fully waived; and Group B countries: *APC* level #4. For invited manuscripts, the *APC* is fully waived.

APC STANDARDS

All *Baishideng* publications' APC standards are shown in Table 1.

Table 1 *Baishideng* publications' APC charging standards
